

CURRENT LIST of MEDICAL LITERATURE

Vol. 9

November 2, 1945

No. 18

SUBJECT GROUPS ACCORDING TO JOURNALS

- | | |
|--------------------------------------|---------------------------------------|
| • 1. Anatomy; Histology | 26. Infectious Diseases; Epidemiology |
| • 2. Anthropology; Ethnology | • 27. Medicine |
| 3. Archeology; Paleontology | 28. Metabolism |
| 4. Aviation Medicine | • 29. Military and Naval Medicine |
| • 5. Bacteriology; Parasitology | • 30. Miscellaneous |
| • 6. Biology; Embryology | • 31. Neurology; Psychiatry |
| 7. Bone; Joint; Extremities; Muscle | • 32. Nursing |
| • 8. Cancerology | • 33. Ophthalmology |
| • 9. Cardiovascular System | • 34. Otorhinolaryngology; Phoniatry |
| • 10. Chemistry; Physics | • 35. Pathology |
| • 11. Dentistry; Stomatology | • 36. Pediatrics; Child Welfare |
| • 12. Dermatology | • 37. Pharmacology; Pharmacy |
| • 13. Diagnosis; Clinical Methods | • 38. Physiology |
| • 14. Dietetics; Foods; Nutrition | • 39. Psychology; Mental Hygiene |
| • 15. Digestive System | • 40. Public Health; Sanitation |
| • 16. Endocrinology | 41. Radiology; Phototherapy |
| 17. Forensic Medicine; Toxicology | 42. Respiratory System |
| • 18. Genetics; Eugenics | • 43. Surgery; Traumatology |
| • 19. Gynecology; Obstetrics | • 44. Therapeutics |
| • 20. Hematology | • 45. Tropical Medicine |
| 21. History; Biography; Bibliography | • 46. Tuberculosis |
| 22. Homeopathy; Osteopathy, etc. | • 47. Urology |
| 23. Hospitals | • 48. Venereal Diseases; Sexology |
| 24. Immunology; Serology | • 49. Veterinary Medicine |
| 25. Industrial Hygiene; Sociology | 50. Zoology |

THE ARMY MEDICAL LIBRARY
Washington, D. C.

JOURNALS

Needed to Complete the Files of the Army Medical Library

Since this Library has been unable to secure the following missing numbers of journals through ordinary channels, they are listed here in the hope that other libraries or individuals may have copies which they will donate or exchange for duplicates of other journals.

Please notify the Acquisition Division of the Army Medical Library, at the address given below, of any numbers which may be available, and franked labels for their transportation will be forwarded promptly.

- | | |
|--|---|
| Revista de medicina y alimentacion. Santiago.
v.3, 1938 #5
v.4, 1940/41, #1-5
v.5, 1941-43 #5-4,7 to end & index. | Revista de sanidad naval. Valparaíso.
v.1-4, 1931-34.
v.5, 1934, #21-23
v.6, 1936 #25, 27
v.7, 1937 #29
v.10, 1940 #42 |
| Revista de medicina e cirurgia de Sao Paulo.
v.1, 1941 #1-3,7-9
v.2, 1942 #1-2 | Revista de servicio publico.Rio.
ano 1-5, 1937-1942
ano 6, v.1 #1,3 to end of year.
ano 7 |
| Revista de medicina veterinaria. Bogota.
ano 1-12, 1930-1943
ano 13, 1944 #65
ano 14 | Revista de la Sociedad de pediatria de Rosario. Rosario,Argentina.
ano 1-7, 1936-1942
ano 8, 1943 #2 |
| Revista del médico ecuatoriano. Quito.
v.1, 1937/38 #1-2 | Revista de tecnica policial y penitenciaría. Havana.
v.1-3, 1935-36
v.2, 1936 #1,3 |
| Revista mexicana de tuberculosis y enfermedades del aparato respiratorio. Mexico.

v.1-11, 1933-1943
v.12, 1944 #7,8 |
| Revista municipal. Quayaquil.
ano 1-15, 1925-1940
ano 16, 1941 #83-85,89 to end.
ano 17 | Revista de la Universidad de Quayaquil.
v.1-4, 1930-34
v.5, 1934 #2 to end of vol.
v.6, 1935
v.7, 1936
v.8, 1937 #1-2
v.10, 1939 #1
v.11, 1940 #2
v.12, 1941 #1 |
| Revista municipal del Distrito Federal. Caracas.
ano 1, 1943, #1-2 | Revista da Universidade do Rio de Janeiro.
1, 1926
s.2 No. 4,5, 1933,1934 |
| Revista neurológica de Buenos Aires.
v.1-7, 1936-1942
v.8, 1943 #2 | Revista urológica de Sao Paulo.
v.1-2, 1933-34 |
| Revista de obstetricia y ginecologia. Caracas.
v.1, 1941 #2,4, & index.
1945, #1 to end of vol. | Revista italiana d'igiene. Pisa.
v.1, 1941 #3,5
v.2, 1942 #8-19
v.3, 1943 #1 |
| Revista de la Policlínica Valencia. Valencia,Venezuela.
ano 1, 1942 #1-5
ano 2, 1943 #6,10 | Revista de psicoanalisis. Buenos Aires.
ano 1, 1943 # 2 to end of vol.
ano 2 |
| Revista de psiquiatria y disciplinas conexas. Santiago.
v.1-6, 1936-1942
v.7, 1943 #1
v.8, 1944 | Russkii vrach v Chakoslovskii-Prag.
v.1, 1934
v.2, 1935, index only.
v.3, 1936
v.4, 1937 #0 to end & index
v.5, 1938 |

For sale by the Superintendent of Documents, U.S. Government Printing Office, Washington 25, D.C.: \$3.00 per year (\$3.75 foreign) 10 cents per single copy.

Published weekly by the Army Medical Library, 7th St. & Independence Ave. S.W., Washington 25, D.C. Exchange invited.

Microfilm copy of items listed herein may be obtained without charge by addressing the Librarian, Army Medical Library. Not more than 15 items may be included in any one request; a second request may be submitted when the first has been returned to the reader. Items should be numbered, in the order in which they are listed in the reader's request, and should be presented as follows: Title of journal, volume number, inclusive pagination of item desired, year, author's name, title of article. Requests must be submitted in duplicate.

1. Anatomy; Histology

Anat. Rec., 1945, 92: (Aug.)

- GRULLICH, W.W., BACON, R.L., et al. Terms of position and direction in the KN-INA revision of the Basle Nomina Anatomica. 359-62.
- SCHWARZ, E. The midbodies in human erythroblasts. 363-70.
- ORTIZ, E. The embryological development of the Wolffian and Mullerian ducts and the accessory reproductive organs of the golden hamster (*Cricetus auratus*). 371-89, incl. pl.
- CHAMBERS, G.H. Changes in the rat's posterior pituitary following sodium chloride administration. 391-9, incl. pl.
- RIDDLE, O., HOLLANDER, W.F., & SCHOOLEY, J.P. A race of hermaphrodite-producing pigeons. 401-23, incl. 3 pl.
- LAHR, E.L., & RIDDLE, O. Intersexuality in male embryos of pigeons. 425-31, incl. pl.
- LACROIX, P. On the origin of the diaphysis. 433-9, incl. pl.
- JONES, D.S. The origin of the ciliary ganglia in the chick embryo. 441-7, incl. pl.
- BLANDAU, R.J. The first maturation division of the rat ovum. 449-57, incl. 2 pl.

J. Anat., Lond., 1945, 79: (July)

- APPLETON, A.B. The arteries and veins of the lungs. 97; passim.
- APPLETON, A.B. The arteries and veins of the lungs; right upper lobe. 97-120.
- KESTVEN, H.L. The echidna-pterigoid. 121.
- CLARK, W.E.L. Note on the palaeontology of the lemurid brains. 123-6.
- HAMILTON, W.J., & DAY, F.T. Cleavage stages of the ova of the horse, with notes on ovulation. 127-30, 3 pl.
- NICHOLSON, C. The two main diameters at the brim of the female pelvis. 131-5.

2. Anthropology; Ethnology

Am. J. Phys. Anthropol., 1945, 3: (Sept.)

- KRAHL, V.E., & EVANS, F.G. Humeral torsion in man. 229-53.
- KUFMAN, E. Torsion of the lower extremity. 255-65.
- GREGORY, W.K., & HELLMANN, M. Revised reconstruction of the skull of *Plesianthropus transvaalensis* Broom. 267-75, incl. 3 pl.

5. Bacteriology; Parasitology

Bact. Rev., 1945, 9: (June)

- PETERSON, W.H., & PETERSON, M.S. Relation of bacteria to vitamins and other growth factors. 49-109.

6. Biology; Embryology

Growth, Ithaca, 1945, 9: (Sept.)

- DOLJANSKI, L., & FERNER, H. Studies on the growth-promoting factor of adult tissue extracts; precipitation with alcohol; action of lipid solvents. 229-34.
- REED, H.S., & MACDOUGAL, D.T. Growth processes of *Corallorhiza*. 235-56.
- GOLDSCHMIDT, R.B. A note on the action of the bar series in *Drosophila*. 259-64.
- NISSSEN, H.W., & RIESEN, A.H. The deciduous dentition of chimpanzee. 265-74.
- ROYLE, J.C. Some effects of hexenolactone on tissue cultures. 275-84.

J. Exp. Biol., Lond., 1945, 21: (Aug.)

- PONDER, E. The sickling phenomenon and its bearing on the problem of red cell structure. 77-83.
- DE MEILLON, B., GOLDBERG, L., & LAVOPIERRE, M. The nutrition of the larva of *Aedes aegypti* L. 84-96.
- GOLDBERG, L., DE MEILLON, B., LAVOPIERRE, M. The nutrition of the larva of *Aedes aegypti* L.; essential water-soluble factors from yeast. 90-6.
- WIGGLESWORTH, V.B. Transpiration through the cuticle of insects. 97-114, 2 pl.
- BEAUMONT, J.W.L. The cuticular lipids of insects. 115-31.
- GUNN, D.L., & KNIGHT, R.H. The biology and behaviour of *Ptinus tectus* Boie (Coleoptera, Ptinidae), a pest of stored products; culture conditions. 132-43.
- NEEDHAM, A.E. Peripheral nerve and regeneration in crustacea. 144-6.
- YAO, T., & LI, H.P. Studies on the organizer problem in *Pelmatohydra oligactis*. 147-60.
- YAO, T. Studies on the organizer problem in *Pelmatohydra oligactis*; the induction potency of the implants and the nature of the induced hydranth. 147-50.
- YAO, T. Studies on the organizer problem in *Pelmatohydra oligactis*; the effect of some respiratory inhibitors and stimulants and of oxygen deficiency on the induction potency of the hypostome. 151-4.
- LI, H.P., & YAO, T. Studies on the organizer problem in *Pelmatohydra oligactis*; bud induction by developing hypostome. 155-60.
- FOX, H.M. The oxygen affinities of certain invertebrate haemoglobins. 161-5.

J. Morph., 1945, 77: (Sept.)

- ROSE, S.M. The effect of NaCl in stimulating regeneration of limbs of frogs. 119-39, incl. 4 pl.
- CARSON, H.L. A comparative study of the apical cell of the insect testis. 141-61, incl. 3 pl.
- WEISZ, P.B. The development and morphology of the larva of the South African clawed toad, *Xenopus laevis*. 163-217, pl.
- WEISZ, P.B. The development and morphology of the larva of the South African clawed toad, *Xenopus laevis*; the third-form tadpole. 163-92.

WEISZ, P.B. The development and morphology of the larva of the South African clawed toad, *Xenopus laevis*; the hatching and the first- and second-form tadpoles. 193-217.

ANDREWS, E.A. Stentor's anchoring organs. 219-32.

BOOKHOUT, C.G. The development of the guinea pig ovary from sexual differentiation to maturity. 233-63, incl. 5pl.

RIDGEO, A.R. Deposition of medullary bone in the female English sparrow, *Passer domesticus* (Linnaeus), and the bobwhite quail, *Colinus virginianus*. 285-83, incl. 5pl.

8. Cancerology

J. Nat. Cancer Inst., 1945-46, 6: (Aug.)

MORRIS, H.P. Some nutritional factors influencing the origin and development of cancer. 1-17.

WHITE, F.R., & ESCHENBRENNER, A.B. Note on the occurrence of hepatomas in rats following the ingestion of 1,2-benzanthracene. 19-21.

WESTFALL, B.B. Estimation of 2-aminofluorene and related compounds in biologic material. 23-9.

LARSEN, C.D., & HESTON, W.E. Effects of cystine and calorie restriction on the incidence of spontaneous pulmonary tumors in strain A mice. 31-40.

HESTON, W.E., LARSEN, C.D., & DERINGER, M.K. Variations in occurrence of pathologic calcification, nephritis, and amyloidosis in mice fed control and modified diets. 41-7.

MAVER, M.E., & DUNN, T.B. Cathartic activities of neoplasms and of the tissues of normal and tumor-bearing mice correlated with histologic changes. 49-60.

GREENSTEIN, J.P., & CHALKLEY, H.W. Desaminases for ribosemucic and desoxyribosemucic acids. 61-72.

ALGIRE, C.H., & CHALKLEY, H.W. Vascular reactions of normal and malignant tissues in vivo; vascular reaction of mice to wounds and to normal and neoplastic transplants. 73-85.

Rev. med. cancer., Rosario, 1945, 19: No. 175

ROBLES, C. Consideraciones acerca de cien casos de tumor cerebral operados. 1-25.

BOGGINO, J., & THOMPSON, Q.C. Tumor de Krukenberg a partir de cancer de pancreas. 26-33.

ESTEBAN PESSANO, J. Declaracion obligatoria del cancer. 35-9.

9. Cardiovascular System

Am. Heart J., 1945, 30: (Sept.)

MOKOTOFF, R., & KATZ, L.N. The effect of theophyllin with ethylenediamine (aminophylline) and of papaverine hydrochloride on experimental myocardial infarction in the dog. 215-30.

FIELD, M.H., DONOVAN, M.A., & SIMON, H. Primary tumor of the left auricle simulating mitral stenosis. 230-8.

ROOS, A. Paroxysmal complete heart block, produced by ischemia of the auriculoventricular node. 238-52.

ASKRY, J.M., & NEURATH, O. The treatment of auricular fibrillation occurring with myocardial infarction. 253-9.

BURTON, C.R. The value of Lead IV in cardiac infarction. 259-75.

CHAPMAN, D.V. Observations on two patients with paroxysmal ventricular tachycardia treated by the intravenous administration of quinidine lactate. 276-83.

GEIGER, A.J., & GOERNER, J.R. Premature beats of sinus origin; electrocardiographic demonstration of a clinical case. 284-91.

FRIEDMAN, B., SHIMAD, E.E., & SCHWARTZ, I. Unusual primary leiomyosarcoma of the heart. 299-308.

FISHMAN, A.P., EPSTEIN, B.S., & GRAYZEL, D.M. Primary alveolar cell carcinoma of the lung with pulmonary artery sclerosis and right heart failure; case report. 309-13.

Arch. Inst. card. Mexico, 1945, 15: (July 31)

ROSENBLUTH, A., & GARCIA RAMOS, J. La acción del calor y del frío sobre los diversos componentes del electrograma del ventrículo cardíaco. 101-12.

BARROSO MOCUEL, R. Estructura histológica del endocardio valvular. 113-52.

GUERRA, F., & CHAVEZ, N. Valor de la iontoforesis con salicilato de sodio en el reumatismo cardiovascular. 153-60.

CARRAL, R. Estudio crítico de algunos argumentos vertidos en contra de la fidelidad de las derivaciones unipolares. 161-78.

NOVELO, S. La onda P-pulmonar, estudio comparativo de la onda P en los enfermos mitrales y pulmonares crónicos. 179-96.

10. Chemistry, Physics

Analyst, Lond., 1945, 70: (Sept.)

SCHOELLER, W.R., & HOLNESS, H. The precipitation of titanium by tannin from chloride solution. 319-23.

MACDONALD, F.J. Determination of the original freezing-point of sour milk. 323-6.

COLLINS, E. Reaction of diazotised p-nitroaniline with phenols; detection of tricresyl phosphate in edible oil. 326-30.

TOMKINS, R.G., & ISHERWOOD, F.A. The absorption of diphenyl and o-phenyl-phenol by oranges from treated wraps. 330-3.

MACINTOSH, F.C. The toxicity of diphenyl and o-phenyl-phenol. 334.

BOUGHTON, G.U. Determination of small amounts of aluminium in water by means of haematocritin. 335.

FOOD labels and advertisements, claims regarding vitamin and mineral contents. 337.

Arch. Biochem., 1945, 7: (Sept.)

DEICHMANN, W.B., & WITHERUP, S. The effect of various diets upon the excretion of glucuronic acid by men, dogs, rats, and rabbits. 401-8.

DEICHMANN, W.B., KITZMILLER, W., & WITHERUP, S. Effect of liver injury upon the excretion of glucuronates and organic sulfates. 409-15.

WYSS, O., LUDWIG, B.J., & JOHNER, R.R. The fungistatic and fungicidal action of fatty acids and related compounds. 415-25.

- EVANS, R.J. Determination of the cystine and methionine content of plant and animal material by a differential oxidation procedure. 439-45.
- DOUHL, E.J., jr., MESERVE, E.R., et al. Reinvestigation of the relative provitamin A potencies of cryptoxanthin and β -carotene. 447-50.
- GREENSTEIN, J.P., & CHALKLEY, H.W. Desaminases for ribonucleic and desoxyribonucleic acids. 451-5.
- COSBY, E.L., & SUMMER, J.B. Rhodanese. 457-60.
- KELLY, D.R., & SCHNITZER, R.J. Sensitization of pneumococcus type 1 towards penicillin by specific anti-pneumococcus serum. 461-4.
- LASKOWSKI, M., & SEIDEL, M.K. Viscosimetric determination of thymonucleodepolymerase. 465-73.
- IRVING, G.W., jr., FONTAINE, T.D., & WARNER, R.C. Electrophoretic investigation of peanut proteins. 475; passim.
- IRVING, G.W., jr., FONTAINE, T.D., & WARNER, R.C. Electrophoretic investigation of peanut proteins; peanut meal extract, arachin and conarachin. 475-89.
- J. Am. Chem. Soc., 1945, 67: (Sept.)
- BARNESTEIN, H.D. The oxidation of hydroquinone by iodine in the presence of pyridine. 1457.
- BOHMANN, K. Furan and tetrahydrofuran derivatives; the total synthesis of di-oxybiotin. 1459-62.
- HILL, R., & POWELL, G. Amines related to epinephrine; some more amines of the epinephrine type. 1462-4.
- BIRBAUM, L.S., & POWELL, G. Amines related to epinephrine; amines of the epinephrine type. 1464-6.
- DAVIES, R.E., & POWELL, G. Amines related to epinephrine; some γ -aryl, γ -hydroxypropyl amines and intermediate β -aminopropiophenones. 1466-8.
- HERNUS, H.C., & POWELL, G. Amines related to epinephrine; pyridine compounds analogous to epinephrine, adrenalone and ephedrine. 1468-72.
- STUART, A.H., SHUKIS, A.J., & TALLMAN, R.C. Synthetic estrogenic compounds; dialkyl derivatives of 1,3-di-(p-hydroxyphenyl)-propane. 1475-8.
- HARRIMAN, B.R., SHELTON, R.S., et al. Homophthalimides as hypnotic agents. 1481.
- CRISTOL, S.J. A kinetic study of the dehydrochlorination of substituted 2,2-diphenylchloroethanes related to DDT. 1494-6.
- BAKER, R.H., & SCHLESINGER, A.H. The application of the Passerini reaction to steroid ketoses. 1499.
- BRAND, E., SAIDEL, L.J., et al. The empirical formula of β -lactoglobulin. 1524-32.
- BRAND, E., RYAN, F.J., & DISKANT, E.M. Leucine content of proteins and foodstuffs. 1532-4.
- MASON, H.S. The allergenic principles of poison ivy; the synthesis of 3-n-pentadecyl-ethylol (hydrourushiol). 1538-40.
- LEHMAN, L. The extraction of fat and phosphorus from wheat starch. 1541.
- HALLER, E.L., BARTLETT, P.D., et al. The chemical composition of technical DDT. 1591-1608.
- FRESSMAN, D., PARKE, A.B., & PAULING, L. The reactions of antisera homologous to various asphenylarsonic acid groups and the p-azophenylmethylaniline acid group with some heterologous haptens. 1602-6.
- HARRELL, J.L., & KOHNBERG, S.R.L. Some α , β -diphenylthylamines. 1606-8.
- WATSON, L.B., & HANSHERT, R. Constituents of the insecticidal resin of the yam bean (*Pachyrhizus erosus*) 1609-14.
- GOODEN, E.L. Optical crystallographic properties of DDT. 1616.
- BOEHM, W., & UNGWADE, H.E. The reduction of diethylstilbestrol compounds. 1617.
- HUBER, W., CLINTON, H.R.O., et al. Some dialkylaminoalkylamines. 1618.
- HUBER, W., BAIR, R.K., & LASKOWSKI, S.C. Preparation of some dialkylaminoalkylaminosulfoxides and quinolines. 1619.
- RAYBIN, H.W. Reaction of theophylline with Gibbs reagent. 1621.
- WOLFF, I.A. Acetates, propionates and butyrate of simple saccharides. 1623.
- WOLFROM, M.L., KARABINOS, J.V., et al. The species specificity of heparin. 1624.
- BEAR, R.S. Small-angle x-ray diffraction studies on muscle. 1625.
- MULL, R.P., TOWNLEY, R.W., & SCHOLZ, C.R. Production of gliotoxin and a second active isolate by *Penicillium obscuro* Bionge. 1626.
- OROSHNIK, W. A synthesis of vitamin A methyl ether; preliminary report. 1627.
- J. Biol. Chem., 1945, 159: (Aug.)
- VASSEL, B., & NESBITT, L.L. The nitrogenous constituents of flaxseed; the isolation of a purified protein fraction. 571-84.
- DOUDOROFF, M., & O'NEAL, R. On the reversibility of levalan synthesis by *Bacillus subtilis*. 585-92.
- STETTER, D., jr., & KLEIN, B.V. Studies in carbohydrate metabolism; effects of adrenalin and insulin upon glycogenesis in rats. 593-602.
- SILBERMAN, H., & SILBERMAN-MARTYNOWA, S. The occurrence of dicholesteryl ether in the spinal cord of the ox (*Bos taurus*) 603.
- MACFARLAND, M.L., & MORENLY, E.W. The dietary production of fatty livers resistant to the action of choline. 605-9.
- WRIGHT, L.D., & SKEGGS, H.R. Tryptophane utilization and synthesis by strains of *Lactobacillus arabinosus*. 611-6.
- JACOBS, W.A., & CRAIG, L.C. The veratrine alkaloids; the ring system of rubijervine and isorubijervine. 617-24.
- ZAMECHNIK, P.C., & STEPHENSON, M.L. Distribution of cateptic enzymes in the hog kidney. 625-9.
- BIRD, O.D., BRESSLER, B., et al. The microbiological assay of vitamin B₆ conjugate. 631-6.
- KERR, S.E., & SERAIDARIAN, K. The pathway of decomposition of myoadenylic acid during autolysis in various tissues. 637-46.
- GARRUTHERS, C., & SUNTZEFF, V. Copper and zinc in epidermal carcinogenesis induced by methylethanolanthrene. 647-51.
- DUNN, M.S., CAMIEN, M.M., et al. Investigations of amino acids, peptides, and proteins; the determination of histidine in protein hydrolysates with *Leuconostoc mesenteroides* P-80. 653-62.
- QUATRE, M.L., & BIEHLER, R. A simplified hydrogenation technique for the determination of blood plasma tocopherols. 663-5.
- MULLER, O.H., & DAVIS, J.S., jr. Polarographic studies of proteins and their degradation products; the protein index. 667-79.
- SCHUL, A.E., & WERIN, H. Spectrophotometric study of a new colorimetric reaction of vitamin A. 681-91.
- ARCHIBALD, R.M. Note on the reported formation of urea from glutamine by liver extracts, and on the preparation of glutamine free from arginine. 693.
- BUCHANAN, J.M., SAKAMI, W., et al. A study of the intermediates of acetate and acetoacetate oxidation with isotopic carbon. 695-709.

VELICK, S.F. The chemistry of Cysticercus fasciolaris; the composition of the acetone-soluble fat of transplanted rat tumors initiated by Cysticercus fasciolaris. 711-83.

HAYS, E.E., WELLS, I.C., et al. Antibiotic substances produced by *Pseudomonas aeruginosa*. 725-50.

CASTANEDA-AGUILLO, M., & HERNANDEZ, A. Crystallization of mexicanin. 751.

WOOLLEY, D.W. Observations on the growth-stimulating action of certain proteins added to protein-free diets compounded with amino acids. 753.

DU VIGNEAUD, V., SIMMONDS, S., et al. Synthesis of labile methyl groups in the white rat. 755.

11. Dentistry; Stomatology

Am. J. Orthodont., 1945, 31: (Oct.)

KENNIS, L.M. The study and development of the muscles of mastication, the temporomandibular articulation and the styloid process. 495-507.

BEGG, P.R. The relationship of orthodontics to general practice. 507-20.

OLIVER, O.A. Indications for the occlusal guide plane. 520-6.

JUTKOWITZ, A. Anomaly of upper right central incisor; case report. 526-9.

THOMA, K.H. Functional disturbances following fracture of the mandibular condyle, and their treatment. 575-96.

THOMA, K.H. Hyperostosis of the mandibular condyle; with report of two cases. 597-607.

THOMA, K.H., WENIG, M., & KAPLAN, S.I. Further uses for the peripheral bone clamp. 607-18.

THOMA, K.H., WENIG, M., & KAPLAN, S.I. Miscellaneous case reports. 619-36.

Dent. Digest, 1945, 51: (Sept.)

SLÖSS, P.L., & RUBINSTEIN, M.N. A simplified full lower denture impression technique. 486-9.

KEITH, J.H. A simplified technique for exposing the unerupted maxillary cuspid. 490.

DEWEI, B.F. Clinical diagnosis and treatment of palatally impacted cuspid. 492-7.
